

### **All Parents and students of Class –X (2019-20 batch) of our school**

The Board examination of Class –X which was in progress was suspended suddenly on account of the lock down declared by the Honourable Prime Minister of our country to control the spread of Covid-19 virus. Now we are in the third phase of the lock down. The central Govt and the State Govt are trying their best to protect us from Covid-19. It may take several months to re-start the formal common class room teaching.

We declared the annual result of the other classes in the month of March itself and started the new academic year on 1<sup>st</sup> April 2020 . As the students are unable to come to the school we are running online classes for the students and almost all of them are connected with teachers through the online teaching method. Text books and copies are also reached to almost all the students. Students are doing their studies and teachers are conducting the classes as per the syllabus given to them. And this method will continue till the students are able to return to the school.

Recently we have been informed from the ICSE (CISCE,New Delhi) Council that schools shall admit students in Class-XI provisionally and begin with online classes without waiting for the completion of the Board examination and declaration of the result as the resuming of the board examination depends on the lifting of the lock down from all over the country which can delay beginning of the formal classes by several months.

Therefore I am resuming the process for inviting application from the students of the same school for the admission in Class-XI. The admission process will be conducted on line. I am sending a link to collect your choice of the combination of subjects. All students who are interested to take admission in Class –XI in this school shall fill the form and submit it within the due date. Those who had submitted the form early online or had collected form from the school also will fill and submit this form. The allotment will be done on the basis of the availability of seats, student's performance in the subject in class IX and X home examinations and over discipline record.

Please follow the Date schedule give below :

1. Last date to fill the online form : **6<sup>th</sup> May**
2. Releasing of the allotment list : **9<sup>th</sup> May**
3. Last date to take on line provisional admission and depositing of the fees: **13<sup>th</sup> May**
4. Starting of the online classes : **15<sup>th</sup> May**

**Link for the online registration for Provisional admission:**

<https://forms.gle/SN8SaBEMNVHakw9D6>

Those who fail to apply within the stipulated date will not be considered for admission at a later stage and if seats are left vacant then application will be invited from students of other ICSE schools.
